I agree with Wanda that it seems benign to confirm receipt.

Good morning, everyone!

I received this letter and email (below) from an environmental group with questions/concerns for the Community-Scale Air Toxic Ambient Monitoring grant (CSATAM – VADEQ – XA96388301).

In summary, the email explains that they have sent a series of questions to VADEQ regarding their grant, and work associated with the grant. No questions are directed at EPA – just an FYI that this request was sent to VADEQ.

In the email, they ask to confirm that we have received this email. Is that something we are OK to do? Or should I hold off for further instruction? Any insight is appreciated.

For background on those included in the email – I am the Project Officer for this grant and Christian is the Grant Specialist.

Thank you!
